THE STORY ABOUT
VICA VERSA

VICE VERSA

Spectacular masterpiece introducing a contrast of various technologies. Soft blend of gold nano-coating with crystal glass accentuated with a texturized touch on slumped glass. Combination of deep gold color, imprints and its transparent sections, together with its grandiose installment, make this masterpiece bold and majestic.

DIMENSIONS Dia 4600×H 4300 mm

METALFINISH polished stainless steel

LIGHTSOURCE LED GU10

COMPONENTS slumped flat glass, optical pattern, metal coated

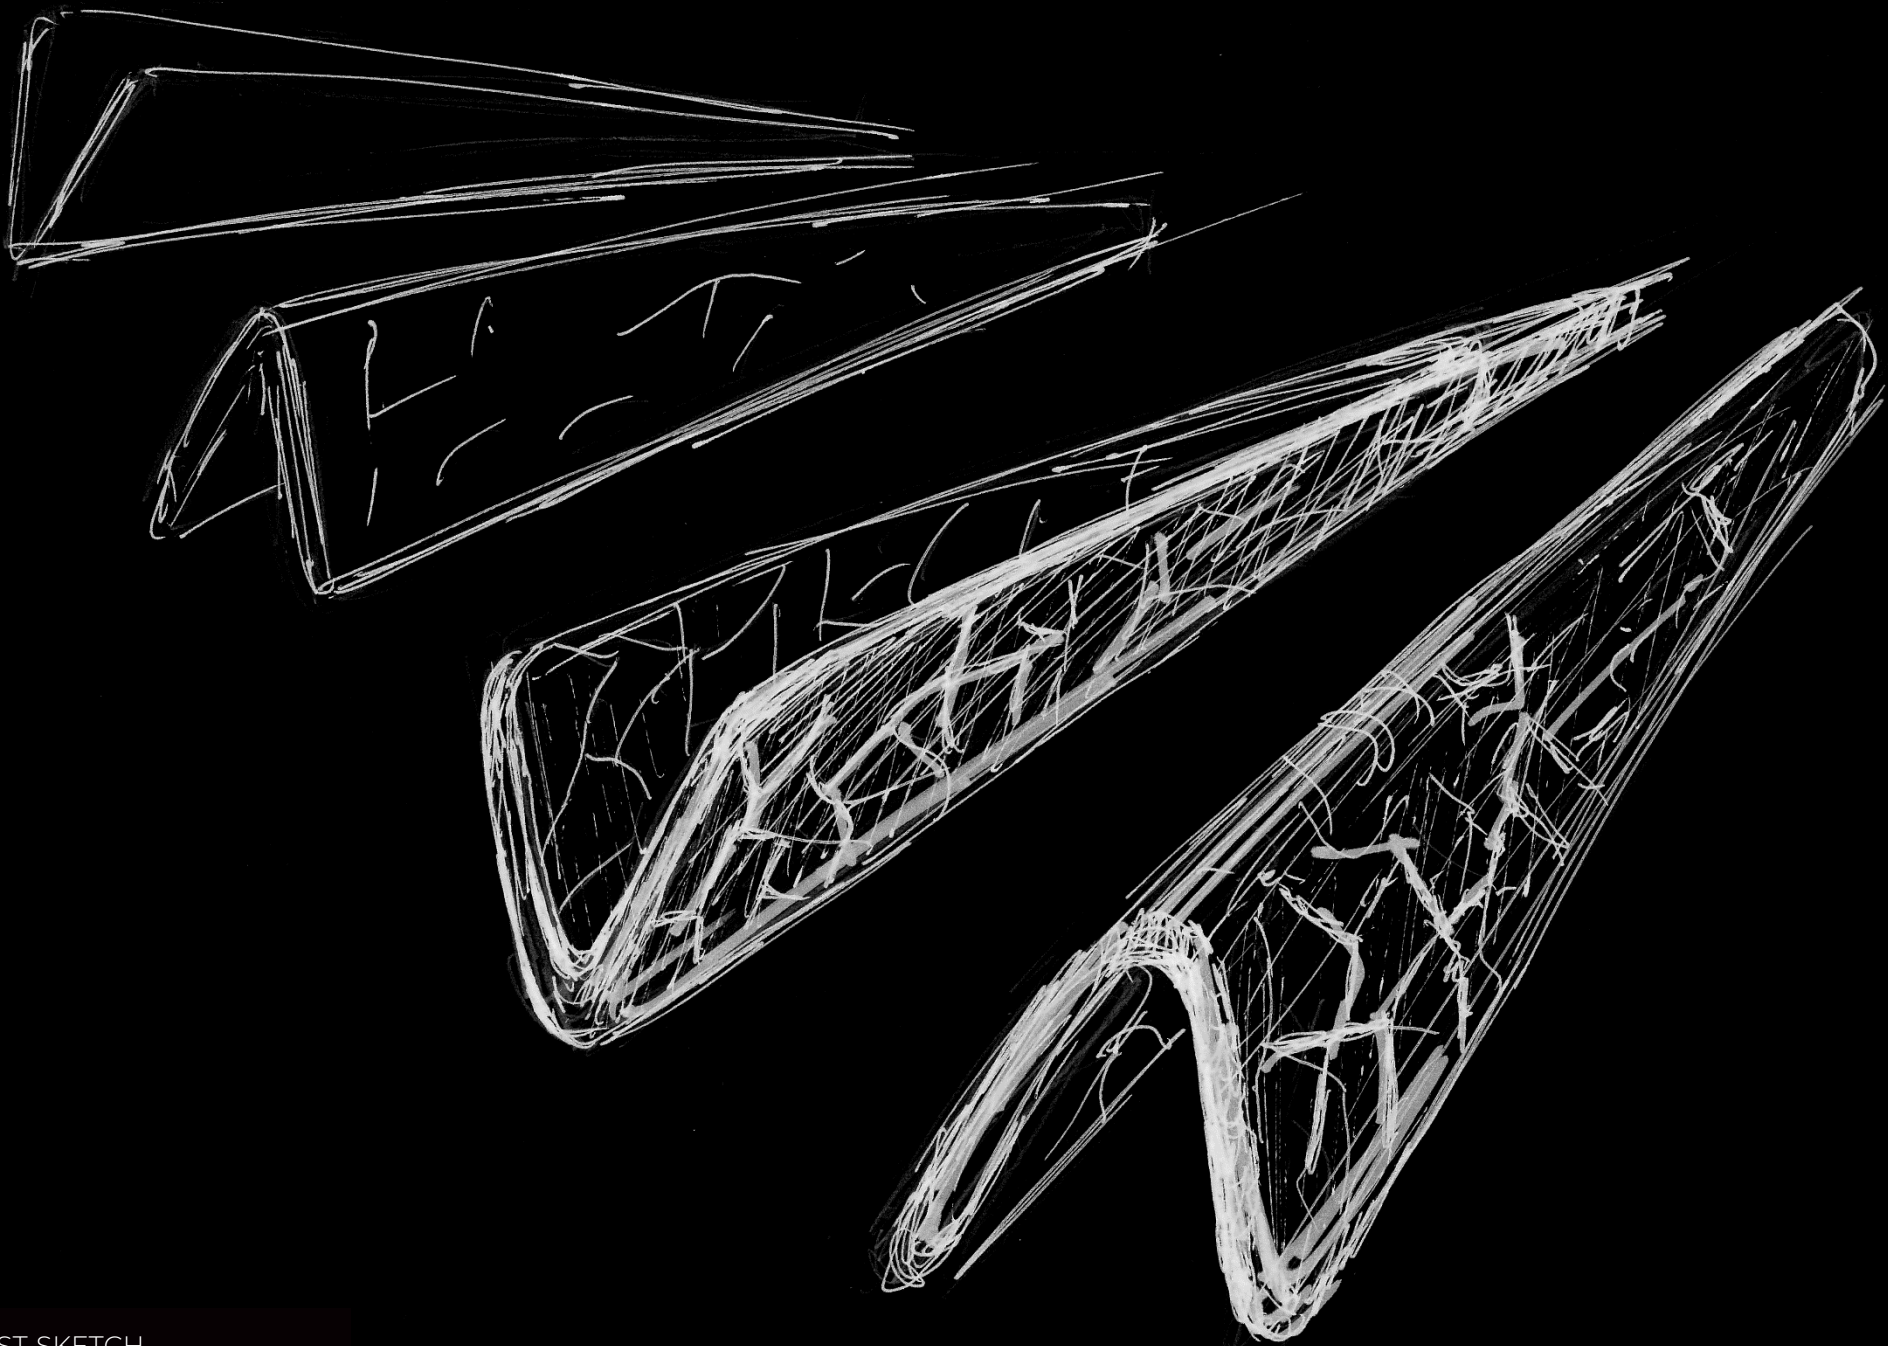

DESIGNER Jiří Křišica
