# THE STORY ABOUT KERCHIEFS

# KERCHIEFS

Hand blown opal opaque component, copper nanocoating finish.

We found inspiration in delicacy. We let the wavy leaves flutter about arbitrarily above the ground so as to create an atmosphere of pleasant carelessness and ease. It only depends on your personal taste whether you choose to highlight their delicacy by pastel tones or accentuate their force by sharp contrast.

**DIMENSIONS** variable

**METALFINISH** polished stainless steel

**LIGHTSOURCE** GU10

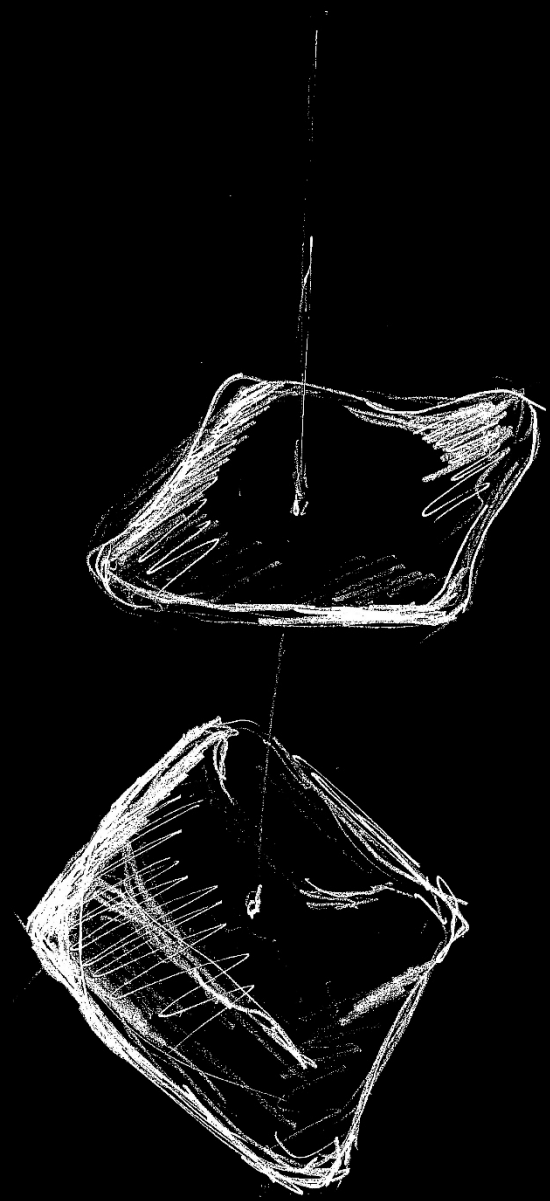

**COMPONENTS** handblown glass component with metal coating

**DESIGNER** Sans Souci team
